

Soham for kids HOPE Primary School, Hyderabad

"Soham for Kids Hope Primary School started on the 14th of June 2010 with a grand inaugural session. The academic teaching started on the 15th of June. The school functioned for half a day for the month of June and started its full day session from the 12th of July. We also started providing lunch to the children as well as snacks and milk from the 6th of July.

It is a proven fact that school children who receive nutritious food at school fare better academically and emotionally. Their parents are also much more likely to send their ward to school, knowing their child will receive much needed nourishment, something which is often lacking at home."
